Dallas Zoo brings interactive program to The Warren Center, for children with developmental differences

Who: Dallas Zoo, The Warren Center staff, children and families impacted by developmental delays and disabilities who receive services from The Warren Center

What: Dallas Zoo brings interactive animal adventure program to The Warren Center

Where: The Warren Center – 320 Custer Road. Richardson, Texas 75080

When: Wednesday, August 16, 2017 2:00 p.m. – 3:00 p.m.

Why: The purpose of this event is to introduce children with special needs to animals from around the world. The program will feature six to eight educational animals including a variety of birds, mammals, and reptiles. It may be difficult for some families that have children with special needs to visit the Dallas Zoo. Bringing the animal adventure program to The Warren Center allows children in our clinic program to experience the zoo in an environment they are familiar with.

About The Warren Center

The Warren Center is a non-profit organization that advocates, serves and empowers children and families impacted by developmental delays and disabilities. More than 2,500 families each year depend on The Warren Center to be “first responders” offering early detection and intervention strategies for their children.
